Luxury for your hands.*

KNITTING NEEDLES AND CROCHET HOOKS –
MADE IN GERMANY SINCE 1829

93% of our products are made in Germany primarily by hand; only 7% is purchased from elsewhere.

In doing so, we create jobs here and ensure that you can trace the origin of our products. addi is the only European manufacturer with a full product assortment. This has become an important argument for many customers in a globalised world.

Made in Germany — since 1829

addi has been producing knitting needles and crochet hooks since 1829 in the in the German town of Altena, and the family company is now led by the sixth generation.

It sometimes takes up to 25 production steps until we have crafted the perfect needle. Your customers will benefit from this experience and our employees' commitment to quality.

Precious
for life.

Inspiration
for life.

Balance
for life.

OUR PRODUCTS

Full assortment of knitting needles and crochet hooks

Since 1829, we have gained experience in the production of knitting needles and crochet hooks. That's why you can expect premium products with perfect transitions, flawless surfaces, flexible cords and smooth, lightweight tips. Our classic item: addi circular knitting needles.

addiExpress

Whether it's hats, scarves, cardigans, cushion covers or I-cords – knitting is child's play with the addiExpress, addiExpress Kingsize and addiEi knitting machines. There are ideas on everything you can conjure up with winding instead of knitting in several instruction books.

Accessories

Lots of practical little aids to assist with knitting and crocheting projects round off the addi range. Especially the very popular addi hearts ensure fun and a good mood when doing handicrafts.

Books

Sources of inspiration, beginner's guides or reliable assistance for new knitting techniques, our addi books complement our range perfectly. There are also various knitting instructions (DE/EN) to download free on our website.

addiClick

addiClick is the patented connector system for endless knitting and crocheting fun. Needle tips or crochet hooks of these premium metal, bamboo or olive wood sets can be combined with addi cords in different lengths. All the addiClick components are compatible with each other. Additional needle sizes are available as well as cords and accessories.

addi2go App

All addi enthusiasts will find not only basic information about addi, but also practical tools such as a row counter, tips, instructions and stories about addi – download now and discover new content regularly. For Android and iOS.

addiCraSyTrio and addiSockwonder

An idea from CraSy® Sylvie Rasch – developed by addi. It's not just knitting socks that is easier and faster with the flexible addiCraSy Trio set of 3 needles but also gloves, leg or arm warmers, sleeves and much more.

The mini addiSockwonder circular knitting needles with different length points are an addition to the new way to knit socks.

**Our philosophy is told easily.
When our clients buy addi needles,
they get the best quality. Because,
with the help of these, knitting is
much more fun.**

What motivates us?

Those who wish to create something unique with their own hands place high standards upon themselves and their tools. We wish to offer our customers handicrafts needles that meet these standards and provide fun and enjoyment with handiwork. That's why we produce with 100% precision in Germany.

Because we like to demonstrate what we do, you'll find regular facility tours at addi. Please contact us and pay us a visit.
